Disclosable Pecuniary Interests (DPIs) (Failure to register these is a Criminal Offence).

These are defined in The Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012. You are required to declare DPI's relating to yourself and your partner. Section 30 of the Localism Act 2011 defines partner as your spouse or civil partner, a person with whom you are living with as husband or wife or a person with whom you are living with as civil partners.

(a) Enter the name of you and/or your partner's **employer** and nature of your **employment, office, your trade, profession or vocation** where carried out for profit or gain.

(b) Enter the name of any person (other than relevant authority) who has made any payment or made provision (within the relevant period) of any other financial benefit to you and/or your partner in respect of any **expenses** incurred by you in carrying out your duties as a member or towards your election expenses (e.g. *constituency parties/associations and Trade Unions*).

Relevant authority means the Council. It could also include e.g. the Police Authority, if you have served on that authority as this Council's representative and claimed expenses from that authority. These do not have to be included.

(c) Enter here details of any **contracts** between the **Council and yourself and/or your partner** or any firms in which you are a partner, companies of which you are a director or bodies in which you have an interest declared under (g) below. (*The date of the contract and a brief description of the goods, services or works included in the contract will normally be sufficient*).

(d) Enter here details of any land (within the area of the council to which this registration refers) in which you and/or your partner have a "beneficial interest." **This will include your place of residence if you own it or rent it and it is within the Council's area.** You do not have to declare the value of the land. You should give sufficient information to enable the location of the land to be identified (e.g. postal address or OS field reference).
